Big Nose the Caveyman

Thanks Giving dinner's only a few days off and the table's looking pretty bare. Help Bignose catch the traditional Pterodactyl roast. Avoid the dangerous dinosaurs, explore mystic pits and collect the bone bone-uses. Prehistoric playability guaranteed!

Story so far

Thanks Giving is only a few days away, and Bignose and his prehistoric pals are monster-saursly hungry. All that's ready for their mega nosh is a few limp leaves of lettuce and a packet of mouldy fishy-saurus burgers.

Bignose, so called because he has a nose the size of a Nose-asaurus, decides to go and sniff out some nosh. So taking his trusty club and a handful of stones he sets off to hunt down the first thing he sees.... The biggest Pterodactyl you've ever seen!

Unfortunately, it decides to fly off, right over the most dangerous dinosaur infested part of Prehistoric Island!!

Controls

Bignose can defend himself with his trusty club. Bash the monsters and collect the bone bone-us. Use the club to search out the mystery objects. Collect the rocks and Bignose will be able to crack them like a speeding dino-beating bullet.

Sniffastic Bone-uses

If Bignose finds enough bones, he will be able to cast some Bignose sneeze magic. A Bignose sneeze can fell even a Tyranasaurus at twenty yards. Use snuffle magic wisely as there is not much to sniff at!

Large-asaurus Dinosaurs!

At the end of each level, Bignose will meet some of the large-asaurus inhabitants of Prehistoric Island. He must defeat these before he can continue.

Club-copter

Leonardo D' Vinci thought he had the idea first! Not so, as you will soon see, Bignose d'cavy, invented the helicopter, some trillion years before! Bignose, will be able to club it across the more watery regions of Prehistoric Island.
